

FIG. 1

Figure 1 is a line graph illustrating the percentage of the total sample for various age groups across different years. The y-axis represents the percentage of the total sample, ranging from 0% to 100%. The x-axis represents the years, with labels for 1980, 1990, 2000, 2010, and 2020. The age groups are represented by different line styles: 0-14 (solid line), 15-24 (dashed line), 25-34 (dotted line), 35-44 (dash-dot line), 45-54 (long dashed line), 55-64 (short dashed line), 65-74 (dash-dot-dot line), and 75+ (solid line with markers). The graph shows a general trend of decreasing percentages for younger age groups and increasing percentages for older age groups over time.
